COMMUNITY REINVESTMENT ACT PERFORMANCE EVALUATION

First Resource Bank
Certificate Number: 58039

7449 Village Drive
Lino Lakes, MN 55014

Federal Deposit Insurance Corporation
Division of Depositor and Consumer Protection
Kansas City Regional Office

1100 Walnut Street, Suite 2100
Kansas City, Missouri 64106

This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated Satisfactory.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

First Resource Bank's satisfactory Community Reinvestment Act (CRA) performance under the applicable performance criteria supports the overall rating. The following points summarize the bank's performance.

- The loan-to-deposit ratio is more than reasonable given the institution's size, financial condition, and the assessment areas' credit needs.
- A majority of the small business and home mortgage loans reviewed were located inside the assessment areas.
- The geographic distribution of small business and home mortgage lending reflects reasonable dispersion throughout the Minnesota Assessment Area.
- The distribution of borrowers reflects reasonable penetration among businesses of different sizes.
- The institution did not receive any CRA-related complaints since the previous evaluation; therefore, this factor did not affect the rating.

DESCRIPTION OF INSTITUTION

First Resource Bank (FRB), headquartered in Lino Lakes, Minnesota, is an interstate bank, wholly owned by Ameri Financial Group, Inc., a one bank holding company located in Stillwater, Minnesota. Ameri Financial Group, Inc. purchased the bank in 2017 from a privately held holding company. At the time of the purchase, Ameri Financial Group, Inc. also owned Eagle Valley Bank, headquartered in Stillwater, Minnesota. In April 2018, Eagle Valley Bank merged with FRB, which became the surviving bank. In addition to the main office in Lino Lakes, the bank operates three full-service branches in Minneapolis and Stillwater, Minnesota, and St. Croix Falls, Wisconsin. The Stillwater and St. Croix Falls branches were acquired as part of the Eagle Valley Bank merger, as was a branch in Apple Valley, Minnesota, which was closed in September 2019. The Minneapolis branch was opened in October 2019. The institution received a Satisfactory rating at its previous FDIC Performance Evaluation dated September 19, 2016, based on Interagency Small Institution Examination Procedures.

FRB's primary business focus continues to be commercial and home mortgage lending. However, the bank's home mortgage lending activity is primarily for the purchase or rehabilitation of investment properties. In addition, the bank offers a variety of commercial, home mortgage, and consumer loan products, to meet the needs of communities served, including long-term mortgage financing options on the secondary market mortgage and loans through the Small Business Administration (SBA), including participation in the SBA Paycheck Protection Program (PPP).

The bank provides a variety of deposit services including checking, savings, health savings accounts, and certificates of deposit. The bank also offers electronic banking services such as internet and mobile banking, mobile deposit, bill pay, electronic statements, and access to a network of ATMs.

As of March 31, 2022, assets totaled approximately \$368,712,000; loans totaled \$318,255,000; and deposits totaled \$332,214,000. The loan portfolio distribution is illustrated in the following table.

Loan Portfolio Distribution as of March 31, 2022		
Loan Category	\$(000s)	%
Construction, Land Development, and Other Land Loans	14,600	4.6
Secured by Farmland	664	0.2
Secured by 1-4 Family Residential Properties	90,190	28.3
Secured by Multifamily (5 or more) Residential Properties	51,048	16.1
Secured by Nonfarm Nonresidential Properties	91,624	28.8
Total Real Estate Loans	248,126	78.0
Commercial and Industrial Loans	58,190	18.3
Agricultural Production and Other Loans to Farmers	67	0.0
Consumer Loans	422	0.1
Other Loans	11,450	3.6
Total Loans	318,255	100.0
<i>Source: Reports of Condition and Income</i>		

Examiners did not identify any financial, legal, or other impediments that affect the bank's ability to meet its assessment areas' credit needs.

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more assessment areas within which its CRA performance will be evaluated. The bank previously designated one assessment area that consisted of portions of Anoka, Chisago, Carver, Ramsey, and Washington counties. As a result of the merger with Eagle Valley Bank, FRB changed its assessment area. Instead of one assessment area, the bank now has two contiguous assessment areas; the Minnesota Assessment Area and the Wisconsin Assessment Area.

The Minnesota Assessment Area is comprised of all of Anoka, Carver, Chisago, Dakota, Hennepin, Ramsey, Scott, and Washington counties in Minnesota and all of St. Croix County in Wisconsin. The Minnesota Assessment Area is part of the Minneapolis-St. Paul-Bloomington, MN-WI Metropolitan Statistical Area (MSA). The Wisconsin Assessment Area is comprised of all of Polk County in Wisconsin, which is part of the nonmetropolitan area of Wisconsin. Additional details regarding assessment area demographics and other information can be found in the applicable state sections.

The CRA also requires regulatory agencies to assign ratings for each state in which the bank operates. Examiners assigned ratings for the states of Minnesota and Wisconsin, as well as an overall CRA rating.

SCOPE OF EVALUATION

General Information

This evaluation covers the period from the previous evaluation dated September 19, 2016, to the current evaluation dated July 26, 2022. Examiners used Interagency Small Institution Examination Procedures to evaluate FRB's CRA performance. These procedures focus on the bank's performance under the Lending Test as outlined in the Small Bank Performance Criteria Appendix.

Examiners determined it was most appropriate to complete full scope reviews for both assessment areas considering the assessment area changes, the volume of loan and deposit activity, and distribution of offices. When reaching overall conclusions, the Minnesota Assessment Area was afforded the most weight since this is where the majority of the bank's deposit and lending activity occurs.

Activities Reviewed

Examiners determined the bank's major product lines to be small business and home mortgage loans. This conclusion considered discussions with management regarding the bank's business strategy, and a review of the Consolidated Report of Condition and Income (Report of Condition) and bank records. Small business and home mortgage lending received equal weight when deriving overall conclusions. This is consistent with the bank's loan portfolio composition, volume of loans recently originated, and management's stated business focus. Examiners did not review small farm lending activities because management indicated that agricultural lending is not a primary business focus of the bank and represents a very small portion of the total loan portfolio.

Bank records indicate that the lending focus and product mix remained generally consistent throughout the evaluation period. Therefore, examiners reviewed all of the small business loans originated or renewed in 2021; as this period was considered representative of the bank's performance during the entire evaluation period. D&B data for 2021 provided a standard of comparison for the bank's small business lending performance. Additionally, examiners reviewed all home mortgage loans reported on

the bank's 2020 and 2021 Home Mortgage Disclosure Act (HMDA) Loan Application Registers (LAR). Examiners used 2015 American Community Survey (ACS) data and the 2020 HMDA aggregate data as a standard of comparison for home mortgage lending; placing more weight on aggregate lending data because it is typically a better indicator of market conditions and loan demand. In general, examiners did not identify any trends between the two years of HMDA data that materially affected conclusions; therefore, examiners presented only 2020 HMDA data in this evaluation, as this is the most recent year with available aggregate data.

Examiners reviewed the entire universe of small business and home mortgage loans to evaluate the Assessment Area Concentration criterion. All loans originated inside the Minnesota Assessment Area were further reviewed to evaluate the Geographic Distribution criterion. To evaluate the Borrower Profile criterion, examiners reviewed a sample of small business loans originated in the Minnesota Assessment Area, all small business loans originated in the Wisconsin Assessment Area, and all home mortgage loans originated inside both of the assessment areas. The table below provides information on the number and dollar volume of loans reviewed.

Loan Products Reviewed				
Loan Category	Universe		Reviewed	
	#	\$(000s)	#	\$(000s)
Small Business	269	42,628	74	7,536
Home Mortgage				
2020	89	40,427	69	22,912
2021	131	68,709	101	47,225
Source: 2021 Bank Records, HMDA Records				

While the number and dollar volume of loans are presented, examiners emphasized performance by number of loans because it is a better indicator of the number of businesses and individuals served.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

FRB demonstrated satisfactory performance under the Lending Test. The bank's performance under all of the evaluated criteria supports this conclusion.

Loan-to-Deposit Ratio

The average net loan-to-deposit ratio is more than reasonable given the institution's size, financial condition, and credit needs in the assessment areas. The bank's ratio, calculated from Report of Condition data, averaged 93.8 percent over the past 23 calendar quarters from September 30, 2016, to March 31, 2022. The ratio ranged from a low of 65.3 percent as of September 30, 2016, to a high of 112.9 percent as of March 31, 2019. Examiners selected comparable institutions based on their asset size, geographic location, and lending focus. As illustrated in the following table, FRB's average ratio is higher than that of the comparable institutions.

Loan-to-Deposit Ratio Comparison		
Bank	Total Assets as of 9/30/21 \$(000s)	Average Net LTD Ratio (%)
Citizens Independent Bank St. Louis Park, MN	359,056	70.9
First Resource Bank Lino Lakes, MN	368,712	93.8
First State Bank and Trust Bayport, MN	379,780	75.0
Flagship Bank Wayzata, MN	330,052	88.6
Lake Area Bank Lindstrom, MN	407,703	83.6
<i>Source: Reports of Condition 9/30/2016 through 3/31/2022</i>		

Assessment Area Concentration

FRB originated a majority of small business and home mortgage loans within its assessment areas, as shown in the following table.

Lending Inside and Outside of the Assessment Area										
	Number of Loans					Dollar Amount of Loans \$(000s)				
Loan Category	Inside		Outside		Total	Inside		Outside		Total
	#	%	#	%	#	\$	%	\$	%	\$(000s)
Small Business	232	86.2	37	13.8	269	32,502	76.2	10,126	23.8	42,628
Home Mortgage										
2020	69	77.5	20	22.5	89	22,912	56.7	17,515	43.3	40,427
2021	101	77.1	30	22.9	131	47,225	68.7	21,484	31.3	68,709
Subtotal	170	77.3	50	22.7	220	70,137	64.3	38,999	35.7	109,136
<i>Source: 2021 Bank Data; HMDA Records</i>										
<i>Due to rounding, totals may not equal 100.0%</i>										

Geographic Distribution

The geographic distribution of loans reflects reasonable dispersion overall. This conclusion is supported by performance within the bank's Minnesota Assessment Area. The Wisconsin Assessment Area does not include any low-or moderate-income geographies. A review of the Geographic Distribution criterion would not result in meaningful conclusions; therefore, this criterion was not evaluated for that assessment area.

Borrower Profile

The bank's lending performance demonstrates reasonable penetration of loans overall. This conclusion is supported by reasonable small business performance in both assessment areas. A significant majority of home mortgage loans originated and reported on the bank's HMDA LAR were made to non-natural entities, for commercial purposes. Therefore, a review of home mortgage lending under the Borrower Profile criterion would not result in meaningful conclusions and was not considered. Refer to comments specific to each assessment area later in this evaluation for further information.

Response to Complaints

The institution has not received any CRA-related complaints since the previous evaluation; therefore, this criterion did not affect the rating.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

Examiners did not identify any evidence of discriminatory or other illegal credit practice inconsistent with helping to meet the community credit needs.

MINNESOTA – Full-Scope Review

CRA RATING FOR MINNESOTA: SATISFACTORY

DESCRIPTION OF INSTITUTION’S OPERATIONS IN MINNESOTA

The Minnesota Assessment Area contains all census tracts Anoka, Carver, Chisago, Dakota, Hennepin, Ramsey, Scott, and Washington counties in Minnesota, and St. Croix County in Wisconsin, which are part of the Minneapolis-St. Paul-Bloomington, MN-WI MSA. According to 2015 ACS data, the assessment area includes 728 census tracts comprised of 54 low-income, 160 moderate-income, 310 middle-income, and 197 upper-income, and 7 NA tracts. The bank operates 3 offices in this assessment area; Stillwater, Lino Lakes, and Minneapolis. The Stillwater branch is located in a middle-income census tract, and the Lino Lakes and Minneapolis branches are located in upper-income census tracts.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	728	7.4	22.0	42.6	27.1	1.0
Population by Geography	3,092,066	6.2	19.4	43.6	30.5	0.3

Family Distribution by Income Level	768,967	20.2	17.2	21.9	40.7	0.0
Household Distribution by Income Level	1,202,421	23.7	16.1	18.4	41.8	0.0
Median Family Income MSA - 33460 Minneapolis-St. Paul-Bloomington, MN-WI MSA	\$84,589	Median Housing Value				\$231,057
		Median Gross Rent				\$964
		Families Below Poverty Level				7.0%
Source: 2015 ACS and 2021 D&B Data Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

According to 2021 D&B data, service industries represent the largest portion of businesses in the assessment area at 39.4 percent; followed by non-classifiable establishments at 20.5 percent; and finance, insurance, and real estate at 10.5 percent. Additionally, 63.85 percent of assessment area businesses have 4 or fewer employees and 92.5 percent operate from a single location.

Competition

The assessment area is a highly competitive market for credit products and financial services. According to FDIC Deposit Market Share data as of June 30, 2021, there were 166 financial institutions operating 686 locations within the assessment area. These institutions range from small community banks to larger national financial institutions. The top 2 institutions captured 64.2 percent of the market share within the assessment area, whereas FRB is ranked 78th with only 0.06 percent of the share.

Although FRB is not required to report CRA data, examiners confirmed the high level of competition for small business loans by reviewing the 2020 aggregate lending data from CRA reporters. This data indicates that 226 lenders reported 70,374 small business loans within the Minnesota Assessment Area.

Community Contact

As part of the evaluation process, examiners contact third parties active in the assessment area to assist in identifying credit needs. This information helps determine whether local financial institutions are responsive to these needs. It also shows what credit opportunities are available. For this evaluation, examiners reviewed a recently completed interview with a representative of a local business organization.

According to the contact, the assessment area's economy is stable, with many businesses rebounding quicker than expected following the pandemic. However, the contact anticipates changes in the commercial real estate industry, as more companies vacate or condense office space to accommodate the new remote work environment. Additionally, the ability to office from anywhere has led to an increased workforce need in many industries.

The contact also noted the increasing trend of home values has resulted in a significant decline in affordable housing options, and that the price of the home doesn't necessarily reflect its actual value. However, people are willing to pay these higher prices. As a result, the contact feels the housing focus is shifting to meet workforce needs, but that the availability is not matching the demand and additional affordable housing options are necessary to attract additional workers to the area.

Although the assessment area is competitive for financial services and the local banks have been responsive to needs during the pandemic, the contact believes that residential real estate and commercial lending continue to be the predominant credit needs in the area.

Credit Needs

Considering information from bank management, the community contact, and demographic and economic data, examiners determined that small business and home mortgage lending represent the primary credit needs of the assessment area.

SCOPE OF EVALUATION – MINNESOTA

FRB does not have a singular lending focus in this assessment area, but divides attention between commercial and residential credit. As such, examiners reviewed small business and home mortgage

loans, giving equal weight to both products when evaluating the bank's performance under the Geographic Distribution criterion. Although home mortgage lending was reviewed for the Borrower Profile criterion, there were a limited number of loans with revenue information due to the types of residential loans the bank originates. Therefore, home mortgage lending performance under the Borrower Profile criterion is not presented in the evaluation. Refer to the overall Scope of Evaluation section for additional information.

CONCLUSIONS ON PERFORMANCE CRITERIA IN MINNESOTA

LENDING TEST

FRB demonstrated reasonable performance under the Lending Test in the Minnesota Assessment Area. The bank's Geographic Distribution and small business Borrower Profile performance supports this conclusion.

Geographic Distribution

The geographic distribution of loans reflects overall reasonable dispersion throughout the assessment area. While the bank had excellent home mortgage lending performance, when also considering the reasonable small business lending performance, the overall performance under this criterion was considered reasonable. Examiners focused on the percentage of lending by number of loans in low- and moderate-income census tracts within the assessment area.

Small Business Loans

The geographic distribution of small business loans reflects reasonable dispersion throughout the assessment area. FRB's performance in low-income census tracts exceeded demographic data, while performance in moderate-income census tracts lagged demographic data, as illustrated in the table below. According to the community contact and bank management, competition for small business loans is fierce, which is supported by 2020 aggregate lending data. Additionally, Report of Condition data indicates that 49 other financial institutions operate 136 branches in the moderate-income geographies. Based on the level of competition present and the bank's small business performance in low-income census tracts, performance is reasonable.

Geographic Distribution of Small Business Loans					
Tract Income Level	% of Businesses	#	%	\$(000s)	%
Low	5.2	16	7.9	2,576	8.5
Moderate	17.3	19	9.4	3,906	12.9
Middle	43.2	87	42.8	12,935	42.6
Upper	34.0	78	38.4	10,414	34.3
NA	0.3	3	1.5	501	1.7
Totals	100.0	203	100.0	30,332	100.0
<i>Source: 2021 D&B Data; 2021 Bank Data</i> <i>Due to rounding, totals may not equal 100.0%</i>					

Home Mortgage Loans

The geographic distribution of home mortgage lending reflects excellent penetration throughout the assessment area. The following table shows the bank's lending in low- and moderate-income census tracts exceeds both aggregate and demographic data.

Geographic Distribution of Home Mortgage Loans						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low	2.3	2.1	16	24.2	3,095	13.6
Moderate	15.3	13.0	18	27.3	6,966	30.5
Middle	47.0	45.8	19	28.8	4,145	18.2
Upper	35.3	39.2	12	18.2	8,383	36.7
Not Available	0.1	0.1	1	1.5	250	1.1
Totals	100.0	100.0	66	100.0	22,839	100.0
Source: 2015 ACS; Bank Data, 2020 HMDA Aggregate Data, "--" data not available. Due to rounding, totals may not equal 100.0%						

Borrower Profile

Overall, the bank's lending performance reflects reasonable penetration among businesses of different revenue sizes. FRB's reasonable performance in small business lending supports this conclusion.

Small Business Loans

The distribution of sampled small business loans reflects reasonable penetration of loans to businesses with gross annual revenues of \$1 million or less. The bank's record of lending to small businesses lags demographic data, as illustrated in the table below. According to the community contact and bank management, competition for small business loans is fierce, which is supported by 2020 aggregate lending data. Additionally, the sample includes 9 SBA PPP loans to borrowers in which revenues were not required to be collected. Of which, 6 loans had original amounts of \$100,000 or less, indicating the bank's willingness to serve the needs of smaller businesses. Furthermore, the bank is an active SBA lender and has applied for SBA preferred lender status. Based on these factors, performance is reasonable.

Distribution of Small Business Loans by Gross Annual Revenue Category					
Gross Revenue Level	% of Businesses	#	%	\$(000s)	%
<=\$1,000,000	88.1	20	44.4	735	13.7
>1,000,000	4.4	16	35.6	3,679	68.6
Revenue Not Available	7.5	9	20.0	952	17.7
Total	100.0	45	100.0	5,366	100.0
Source: 2021 D&B Data, 2021 Bank Data Due to rounding, totals may not equal 100.0%					

Home Mortgage Loans

Examiners use the Borrower Profile analysis to show the dispersion of loans to individuals of low-, moderate-, middle-, and upper-income. Because FRB's home mortgage lending focus is primarily for investment properties, a majority of the home mortgage loans were to businesses; therefore, the review of the Borrower Profile criterion for home mortgage loans did not result in meaningful conclusions and is not presented.

WISCONSIN – Full-Scope Review

CRA RATING FOR WISCONSIN: SATISFACTORY

DESCRIPTION OF INSTITUTION’S OPERATIONS IN WISCONSIN

The Wisconsin Assessment Area contains all census tracts in Polk County, which is part of the nonmetropolitan area of Wisconsin. The Wisconsin Assessment Area is new since the previous evaluation.

According to 2015 ACS data, the assessment area consists of 10 census tracts, all designated middle-income. The St. Croix Falls branch is located in this assessment area.

Economic and Demographic Data

The following table illustrates select demographic characteristics of the assessment area.

Demographic Information of the Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	10	0.0	0.0	100.0	0.0	0.0
Population by Geography	43,572	0.0	0.0	100.0	0.0	0.0
Housing Units by Geography	24,251	0.0	0.0	100.0	0.0	0.0
Owner-Occupied Units by Geography	13,862	0.0	0.0	100.0	0.0	0.0
Occupied Rental Units by Geography	4,132	0.0	0.0	100.0	0.0	0.0
Vacant Units by Geography	6,257	0.0	0.0	100.0	0.0	0.0
Businesses by Geography	2,857	0.0	0.0	100.0	0.0	0.0
Farms by Geography	359	0.0	0.0	100.0	0.0	0.0
Family Distribution by Income Level	12,366	18.5	19.4	23.2	38.9	0.0
Household Distribution by Income Level	17,994	20.2	18.3	18.2	43.3	0.0
Median Family Income Non-MSAs - WI	\$60,742	Median Housing Value				\$154,850
		Median Gross Rent				\$709
		Families Below Poverty Level				7.2%
Source: 2015 ACS and 2021 D&B Data Due to rounding, totals may not equal 100.0% (*) The NA category consists of geographies that have not been assigned an income classification.						

According to 2021 D&B data, service industries represent the largest portion of businesses in the assessment area at 34.3 percent; followed by retail trade at 12.7 percent; and agriculture, forestry, and fishing at 11.2 percent. Additionally, 70.0 percent of assessment area businesses have 4 or fewer employees and 89.3 percent operate from a single location.

Competition

The assessment area is a competitive market for credit products and financial services. According to Report of Condition data filed by financial institutions, there were 12 financial institutions operating 14 locations within the assessment area. FRB is ranked 3rd with 8.9 percent of the deposit market share.

Although FRB is not required to report CRA data, examiners confirmed the high level of competition for small business loans by reviewing the 2020 aggregate lending data from CRA reporters. This data indicates that 54 lenders reported 801 small business loans totaling approximately \$50.2 million inside the assessment area.

Community Contact

Examiners reviewed a recently completed interview with a representative of a local economic development organization. Although the overall economy in the assessment area has been stable, the contact noted that it is beginning to decline for the first time since the pandemic. However, the St. Croix River Valley communities along Highway 35 continue to experience economic growth. According to the contact, small businesses continue to maintain and even thrive. Unfortunately, the contact indicates that the housing market is in crisis with many companies finding it challenging to find workforce housing for properties to own or rent. As far as financial institutions, the contact stated that assessment area residents have a variety of community and regional financial institutions, with multiple locations, to bank with and that local lenders demonstrate a willingness to serve the community.

Credit Needs

Considering information from the community contact, bank management, and demographic and economic data, examiners determined that small business and home mortgage lending represent the primary credit needs of the assessment area.

SCOPE OF EVALUATION – WISCONSIN

Examiners reviewed small business and home mortgage lending in the assessment area. Although home mortgage lending was reviewed, given their primarily commercial purpose a limited number of loans were available with revenues to form meaningful conclusions. Therefore, home mortgage lending is not presented in the evaluation and small business lending was afforded the most weight when drawing conclusions.

CONCLUSIONS ON PERFORMANCE CRITERIA IN WISCONSIN

LENDING TEST

FRB demonstrated reasonable performance under the Lending Test in the Wisconsin Assessment Area. The bank's Borrower Profile performance supports this conclusion.

Geographic Distribution

FRB's Wisconsin Assessment Area does not include any low- and moderate-income geographies, and a review of the Geographic Distribution criterion would not result in meaningful conclusions. Therefore, this criterion was not evaluated.

Borrower Profile

Overall, the bank's lending performance reflects reasonable penetration among businesses of different revenue sizes. FRB's reasonable performance in small business lending supports this conclusion.

Small Business Loans

The distribution of sampled small business loans reflects reasonable lending penetration to businesses with gross annual revenues of \$1 million or less. The bank's record of lending to small business lags demographic data, as illustrated in the table below. According to the community contact and bank management, there is significant competition for small business loans in the area, which is supported by 2020 aggregate lending data. Additionally, of the 7 loans in the sample made to businesses with revenues over \$1 million, 4 were to the same borrower, impacting performance conclusions. Further, the sample includes 3 SBA PPP loans to borrowers in which revenues were not required to be collected. All 3 of these loans had original amounts less than \$20,000, indicating the bank's willingness to serve the needs of smaller businesses. Based on these factors, performance is reasonable.

Distribution of Small Business Loans by Gross Annual Revenue Category					
Gross Revenue Level	% of Businesses	#	%	\$(000s)	%
<=\$1,000,000	82.8	19	65.5	618	28.5
>1,000,000	5.4	7	24.1	1,520	70.0
Revenue Not Available	11.8	3	10.4	32	1.5
Total	100.0	29	100.0	2,170	100.0
<i>Source: 2021 D&B Data, 2021 Bank Data Due to rounding, totals may not equal 100.0%</i>					

Home Mortgage Loans

Examiners use the Borrower Profile analysis to show the dispersion of loans to individuals of low-, moderate-, middle-, and upper-income. Because FRB's home mortgage lending focus is primarily for investment properties, a majority of the home mortgage loans were to businesses; therefore, the review of the Borrower Profile criterion for home mortgage loans did not result in meaningful conclusions and are not presented.

APPENDICES

SMALL BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by considering the following criteria:

- 1) The bank's loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
- 2) The percentage of loans and, as appropriate, other lending-related activities located in the bank's assessment area(s);
- 3) The geographic distribution of the bank's loans;
- 4) The institution's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes; and
- 5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

SUMMARY OF RATINGS FOR RATED AREAS

Rated Area	Rating
Minnesota	Satisfactory
Wisconsin	Satisfactory

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the institution under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates, which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information

from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g, geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited-scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (e.g, geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA**): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

FIRST RESOURCE
BANK

3 | BRANCH SERVICES, LOCATIONS, AND HOURS

Distribution of Branches

First Resource Bank has six full-service facilities, all within our assessment area; one within a metropolitan area, four within suburban metropolitan areas, and one within a rural area. First Resource Bank has four cash-out-only ATMs at the branch facilities. First Resource Bank's Service Center, located in Lino Lakes MN, consists of Deposit Operations and Bookkeeping/Proof. Additionally, the Stillwater MN location houses the following operations and administrative departments: Loan Operations, Finance, Human Resources, IT, and Compliance/Audit.

BRANCH LOCATIONS	Lobby Hours	Drive-Up Hours	ATM*	County/State Census Tract Median Household Income**
Main Office – Lino Lakes 7449 Village Drive Lino Lakes, MN 55014 651-785-9320	Mon – Fri 9AM – 5PM	Mon – Fri 8AM – 5PM	Drive Up	Anoka County MN 502.37 <i>suburban metro</i>

* ATMs are cash out only, available 24/7.

**** 2022 Median Household Income for the county served. Retrieved 2/26/2024 from data.census.gov table S1903.**

- **24-Hour Night Drops** are available at all branch facilities for after-hour transaction drop-off.
- Cashless transactions may also be sent to any branch via **US Mail** for processing.
- **Digital Banking** and **Automated Phone Banking** services are available 24/7 for all customers.

FIRST RESOURCE BANK

4 | BRANCH OPENING AND CLOSING RECORD

The following branch offices were opened or closed within the past three years (2023-2025):

None

First Resource Bank acquired **Lake Area Bank** effective November 10, 2022.

The following branch offices were acquired in the transaction:

- Forest Lake, MN
Address: 808 W Broadway Ave, Forest Lake MN 55025
Geography: Washington County MN
Census Tract: 0701.03
- Lindstrom, MN
Address: 12790 First Ave N, Lindstrom MN 55045
Geography: Chisago County MN
Census Tract: 1105.01

FIRST RESOURCE BANK

5 | LOAN AND DEPOSIT PRODUCTS AND SERVICES

The products and services listed below are/will be available at all of our branches.

Non-Traditional Loan Products

- SBA 7(A) Loan Guaranty Program
- SBA 504 Loan Program for Small Businesses

First Resource Bank Loan Products

- Residential Mortgage Loans for 1–4 family dwelling units – including secondary market, portfolio, conventional, and jumbo loans
- Personal Unsecured/Secured Lines of Credit
- Ready Reserve Overdraft Lines of Credit
- Home Equity Installment Loans (HEILs)
- Home Equity Lines of Credit (HELOCs)
- Recreational Vehicle Loans
- Lot/Vacant Land Loans
- Automobile Loans
- Small Business Loans and Lines of Credit
- Community Development Loans
- Commercial and Industrial Real Estate Loans
- Commercial Investment 1-4 Family Property Loans
- Agriculture Loans
- Construction Loans

First Resource Bank Deposit Products and Services

- Personal and Business Banking
- Checking Accounts
- Savings Accounts
- Cash Management Services
- Individual Retirement Accounts (IRAs)
- Health Savings Accounts (HSAs)
- Certificates of Deposit
- CDARS & IntraFI (ICS)
- Direct Deposit
- Credit Cards
- Debit and ATM Cards
- Digital Banking (online and mobile)
- Mobile Deposit
- Bill Pay & Bank-to-Bank Transfers
- Automated Phone Banking

Delivery Systems

First Resource Bank maintains a website (www.myfrbank.com) that links to our digital banking platform and provides bank information, including product and service descriptions, bank history, bank financial information, and a Contact Us form by which customers may directly contact the bank.

Phone banking services are also available to all customers 24 hours a day via our CenterVoice Automated Phone Banking system, which offers a variety of services, including the ability to retrieve account balances and transfer funds between accounts.

Digital Banking Cash Management Services

First Resource Bank offers a full range of Cash Management Services designed to make it convenient and easy to manage your First Resource business accounts from your desktop. Access to digital banking is a click away at www.myfrbank.com.

- **Basic Internet Banking Cash Management Package**

- View Accounts – View current balances and account history on any First Resource Bank account. If you have more than one account, accounts can be grouped so you can access them together.
- Make Loan Payments – Make payments on any loan from any of your First Resource Bank accounts.
- Transfer Funds – Transfer funds between any of your First Resource Bank accounts as long as it is in the same name.
- Check Images – View your check images online.
- Download to Accounting Programs – Download to most standard accounting programs, eliminating the need to manually reconcile your accounts.
- Establish Multiple Users and Dual Controls – Authorize more than one person to conduct Internet Banking transactions for your business and still control access for each of your authorized users.
- ACH Origination – ACH (Automated Clearing House) allows for electronic funds transfers. You can originate payments and optimize your collection process, eliminating float and saving time. You can also disburse funds electronically or complete transactions, such as, ACH payroll, tax payments, and other recurring payments.

- **Additional Options**

- ACH Filter
- Same Day ACH
- QuickBooks WebConnect & Direct Connect
- Person2Person (P2P) Payments
- Online Card Management
- Instant Issue Debit Cards
- Wire Transfers/Online Wire Transfers
- Stop Payments
- Check Positive Pay

Remote Deposit

Remote Deposit saves you the time of going to the bank to make a deposit. With Remote Deposit, deposits are made to your account directly from your office; all you need is a computer that meets the minimum technical specifications, an Internet connection, and a specialized scanner (which we have available for loan or for purchase) to scan and submit the checks for deposit.

CONSUMER SERVICE FEES

FIRST RESOURCE BANK

6 | CRA ANNUAL ASSESSMENT AREA CENSUS TRACT REVIEW

First Resource Bank has delineated two CRA Assessment Areas, both of which consist of full counties as listed below.

1. Minneapolis/St Paul Bloomington MSA (MSP) Assessment Area:

State of Minnesota:	Anoka County	Dakota County	Scott County
	Carver County	Hennepin County	Washington County
	Chisago County	Ramsey County	
State of Wisconsin:	St. Croix County		

2. Non-MSA Assessment Area:

State of Wisconsin: Polk County

The Census Tract Codes shown below are for our branch locations; **please see the census reports and reference maps that follow for a full listing of the census tracts included in our assessment areas.**

BRANCH LOCATIONS IN ASSESSMENT AREAS

Location	MSA/MD*	State Code	County Code	Tract Code
Forest Lake	33460	27 (MN)	163 (Washington)	0701.03
Lindstrom	33460	27 (MN)	025 (Chisago)	1105.01
Lino Lakes – Main Office	33460	27 (MN)	003 (Anoka)	0502.37
Minneapolis	33460	27 (MN)	53 (Hennepin)	1262.00
St Croix Falls	NA	55 (WI)	095 (Polk)	9607.00
Stillwater	33460	27 (MN)	163 (Washington)	0706.01

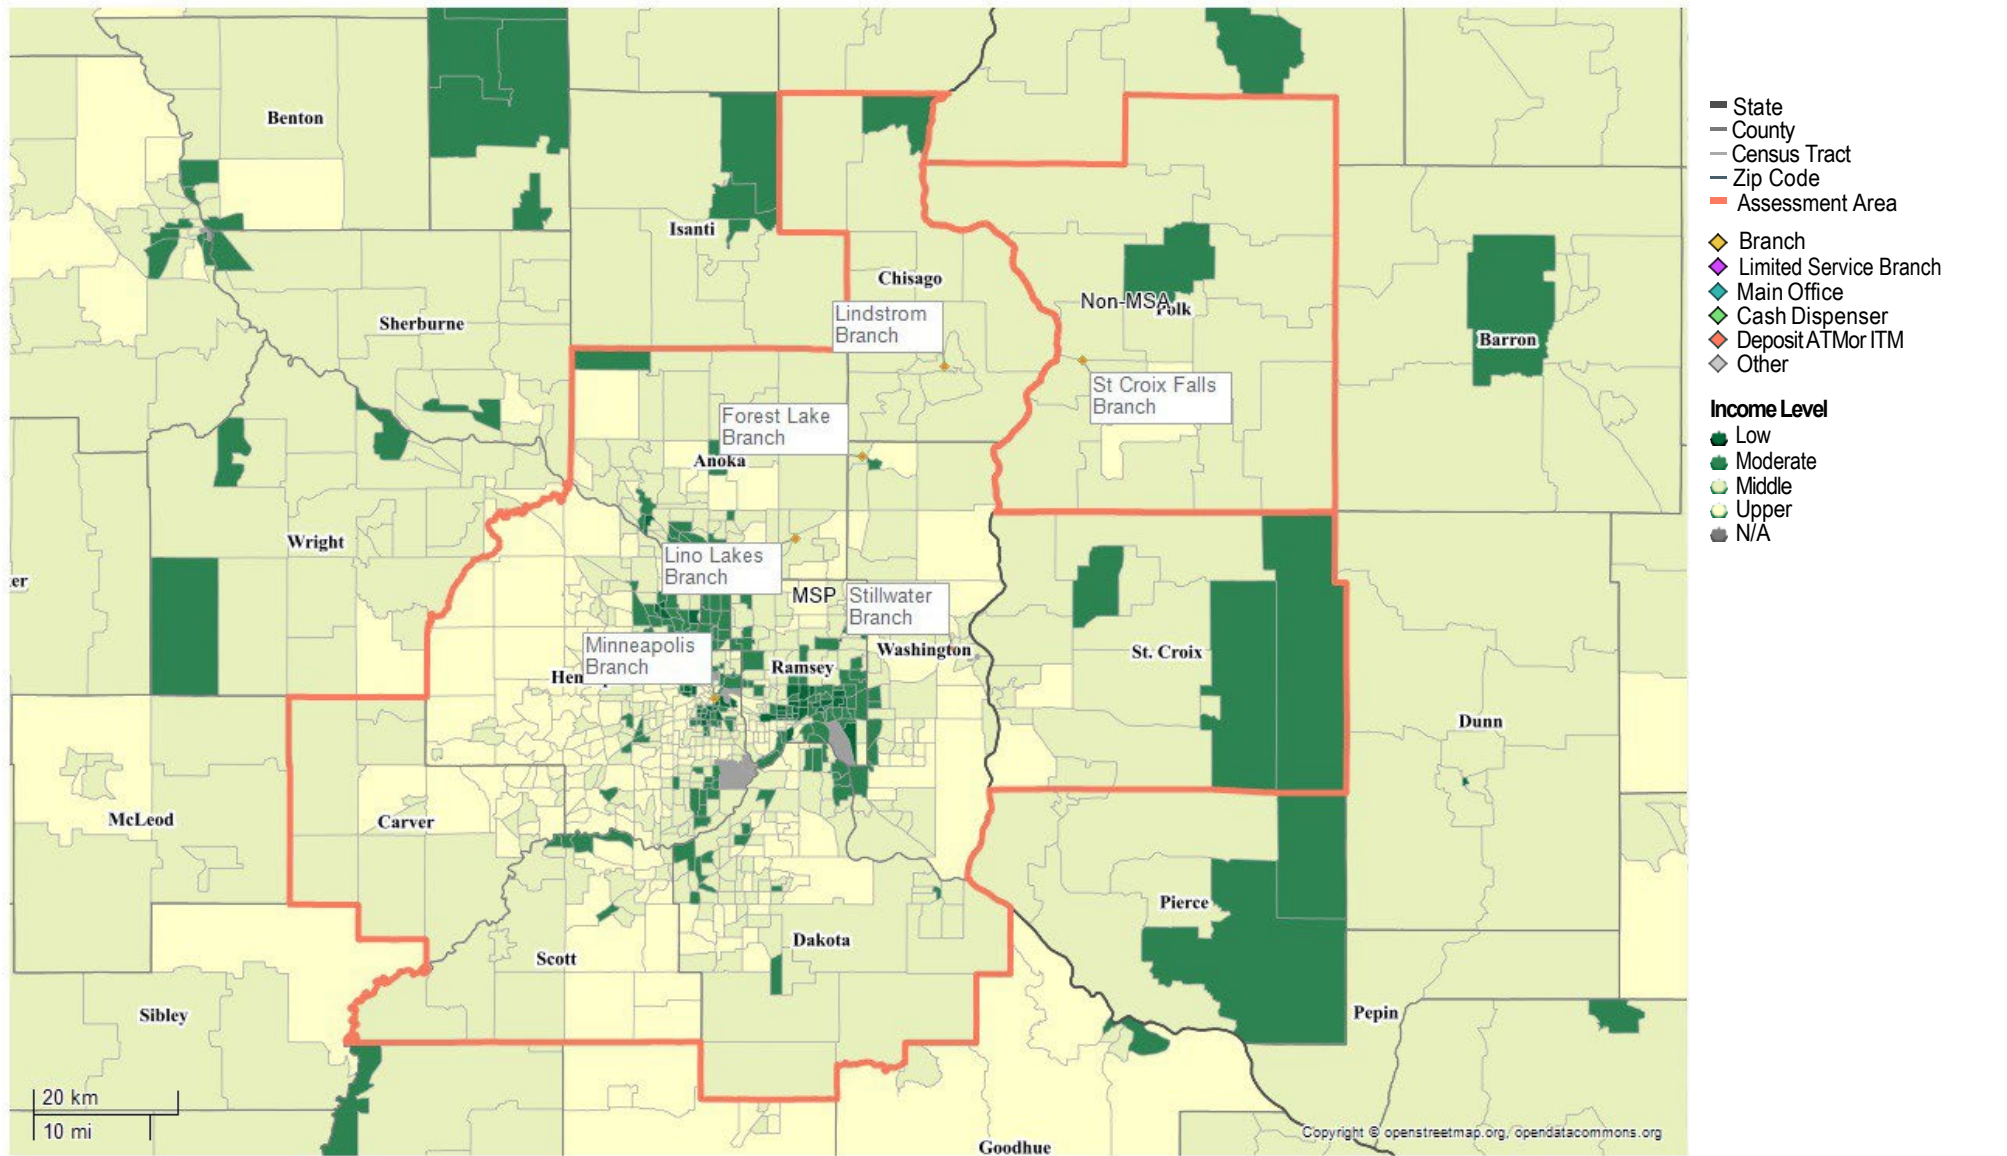

*MSA – Metropolitan Statistical Area; MD – Micropolitan Division

ADDITIONAL COUNTIES IN MSP ASSESSMENT AREA

County	MSA/MD*	State Code	County Code
Carver	33460	27 (MN)	019
Dakota	33460	27 (MN)	037
Ramsey	33460	27 (MN)	123
Scott	33460	27 (MN)	139
St Croix County	33460	55 (WI)	109

*MSA – Metropolitan Statistical Area; MD – Micropolitan Division

8 | HOME MORTGAGE DISCLOSURE ACT NOTICE

The HMDA data about our residential mortgage lending is available online for review. The data show geographic distribution of loans and applications; ethnicity, race, sex, age, and income of applicants and borrowers; and information about loan approvals and denials.

These data are available online at the Consumer Financial Protection Bureau's Web site (www.consumerfinance.gov/hmda).

HMDA data for many other financial institutions are also available at this Web site.
